

2010 Bond Projects by Campus

Campus

Alexander Elementary

Project

Main Security Entrance Improvements
Construction of Fences at Elementary Schools
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Bear Creek Elementary

Main Security Entrance Improvements
Computer Retrofit
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Cimarron Elementary

Kitchen Renovation
Replacement of Elementary Cafeteria Floors
Fire Alarm Field Devices
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Creech Elementary

Project

Main Security Entrance Improvements
Computer Retrofit
Printer Retrofit - Host Based Printers
Campus Network/Cabling Retrofit
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Exley Elementary

Replacement of Elementary Cafeteria Floors
Computer Retrofit
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Fielder Elementary

Roof
Replacement Chillers
Main Security Entrance Improvements
Replacement of Elementary Cafeteria Floors
Generator, Fire Alarm, PA/Intercom, Clock System
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Project

Franz Elementary

Construction of Fences at Elementary Schools
Computer Retrofit
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Golbow Elementary

Main Security Entrance Improvements
Construction of Fences at Elementary Schools
Generator, Fire Alarm, PA/Intercom, Clock System
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Griffin Elementary

Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Hayes Elementary

Replacement Chillers
Main Security Entrance Improvements
Replacement of Elementary Cafeteria Floors
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Holland Elementary

Project

Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Hutsell Elementary

Main Security Entrance Improvements
Computer Retrofit
Printer Retrofit - Host Based Printers
Campus Network/Cabling Retrofit
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Katy Elementary

Main Security Entrance Improvements
Replacement of Elementary Cafeteria Floors
Generator, Fire Alarm, PA/Intercom, Clock System
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Kilpatrick Elementary

Front Driveway Widening
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Project

King Elementary

Computer Retrofit
Printer Retrofit - Host Based Printers
Campus Network/Cabling Retrofit
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Mayde Creek Elementary

Main Security Entrance Improvements
Computer Retrofit
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

McRoberts Elementary

Main Security Entrance Improvements
Replacement of Elementary Cafeteria Floors
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Memorial Parkway Elementary

Generator, PA/Intercom
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus	Project
Morton Ranch Elementary	Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
Nottingham Country Elementary	Kitchen Renovation Fire Alarm, PA/Intercom, Gym Sound System Computer Retrofit Printer Retrofit - Host Based Printers Campus Network/Cabling Retrofit Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
Pattison Elementary	Replacement of Elementary Cafeteria Floors Generator, Fire Alarm, PA/Intercom, Clock System Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
Rhoads Elementary	Parking Lot Expansion Computer Retrofit Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Project

Rylander Elementary

Construction of Fences at Elementary Schools
Computer Retrofit
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Schmalz Elementary

Construction of Fences at Elementary Schools
Computer Retrofit
Printer Retrofit - Host Based Printers
Campus Network/Cabling Retrofit
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Stephens Elementary

Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Sundown Elementary

Main Security Entrance Improvements
Construction of Fences at Elementary Schools
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus	Project
West Memorial Elementary	Computer Retrofit Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
Williams Elementary	Main Security Entrance Improvements Construction of Fences at Elementary Schools Computer Retrofit Printer Retrofit - Host Based Printers Campus Network/Cabling Retrofit Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
Winborn Elementary	Construction of Fences at Elementary Schools Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
Wolfe Elementary	Replacement School
WoodCreek Elementary	Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Beck Junior High

Project

Replacement Chillers
Fire Alarm, Gym Sound System
Tennis Light Poles(1)
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Beckendorff Junior High

Tennis Light Poles(1)
Computer Retrofit
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Cardiff Junior High

Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Cinco Ranch Junior High

Project

Cafeteria Sound System
Computer Retrofit
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Katy Junior High

Student Locker Replacement
Generator, Fire Alarm, Gym Sound System
Tennis Light Poles(1)
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Mayde Creek Junior High

Comprehensive Renovation Original Campus and
Additional Administrative Space
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Project

McDonald Junior High

Main Security Entrance Improvements
Student Locker Replacement
Generator, Fire Alarm
Tennis Light Poles(1)
Computer Retrofit
Printer Retrofit - Host Based Printers
Campus Network/Cabling Retrofit
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

McMeans Junior High

Tennis Light Poles(1)
Computer Retrofit
Printer Retrofit - Host Based Printers
Campus Network/Cabling Retrofit
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Memorial Parkway Junior High

Main Security Entrance Improvements
Track Reconstruction
Generator
Computer Retrofit
Printer Retrofit - Host Based Printers
Campus Network/Cabling Retrofit
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Project

Morton Ranch Junior High

Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

West Memorial Junior High

Comprehensive Renovation Original Campus and
Additional Administrative & Classroom Space
Tennis Light Poles(1)
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

WoodCreek Junior High

Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus

Cinco Ranch High School

Project

Gymnasium T5 Lighting Retrofit
Main Security Entrance Improvements
PAC Retrofit
Clock System
Printer Retrofit - Host Based Printers
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

Katy High School

West Campus Replacement
Main Campus Kitchen Renovation
Gymnasium T5 Lighting Retrofit
Main Security Entrance Improvements
Pool Renovation
PAC Retrofit
Clock System - Hall "A"
Tennis Light Poles(1)
Computer Retrofit
Printer Retrofit - Host Based Printers
Campus Network/Cabling Retrofit
Internal/Public Wi-Fi Expansion & Implementation
Core Network Switch Replacement
Increased Network Bandwidth to ESC
Increased Internet Bandwidth
Server Infrastructure Retrofit
Server Infrastructure Growth
Datacenter Infrastructure Security

2010 Bond Projects by Campus

Campus	Project
Raines High School/Opportunity Awareness Center	Shell Space Build Out Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
Miller Career & Technology Center	Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
Mayde Creek High School	Central Plant - New Building & equipment Roof - Partial of Original Campus Gymnasium T5 Lighting Retrofit Main Security Entrance Improvements Athletic & PE Locker Replacement PAC Retrofit Gym Sound System, Clock System All Halls Tennis Light Poles(1) Computer Retrofit Printer Retrofit - Host Based Printers Internal/Public Wi-Fi Expansion & Implementation Core Network Switch Replacement Increased Network Bandwidth to ESC Increased Internet Bandwidth Server Infrastructure Retrofit Server Infrastructure Growth Datacenter Infrastructure Security
